

Incoming 7th-Grade Summer Assignment

Hello, 7th-graders! Your 7th-grade ELA teachers are looking forward to meeting you and an awesome school year of learning! In an effort to make sure you are ready for next school year, you will be responsible for reading a book of your choice. This book must be a book you haven't read yet... so no using your 6th-grade books!

For your summer work, you have 1 assignment. Please read the instructions carefully as you move through the assignment. If you have ANY questions or difficulties, please feel free to email Miss Simmons (ssimmons@cohoes.org) and she will help you out. You can type your answers out electronically or you can write them in the packet. Just remember to bring it with you to school in September!

Assignment #1 - Read a Book and Write a Summary

Pick a book of your choice to read and complete [this summary](#) when you are finished. Try to choose a book that you enjoy reading and don't want to put down... or can't wait to pick back up. BE CAREFUL!! Complete each task thoroughly!

If you start a book and end up not liking it, it is ok to try a different one. Just make sure that you don't leave this for the end of the summer because you will have less of a chance to find one that you like!

If you would like to find a book online, [here is a site](#) that has some great choices as well as some newer books.
